

## System targets

# 25%

reduction in work-related fatalities and injuries

# 50%

reduction in asbestos disease by 2040

# 0

catastrophic events

Fatalities from electrical and gas accidents trend down

## What we are aiming for

### People value health and safety

Our work encourages people to value health and safety as part of good business.

### Health and safety improves wellbeing

Our work enables good health and safety to improve people's quality of life.

### Collective approach to health and safety

Our work leads the health and safety system towards shared goals.

## External

### Our focus areas

#### 1 Deliver the right mix of services in the right way

We are optimising our services and tools to support best practice and lift health and safety capability.

#### 2 Build our harm prevention approach

We are working to reduce harm through targeted, evidence-based programmes. We enable workers to participate in and influence health and safety improvement.

#### 3 Grow effective strategic relationships

We use the influence and insights of our strategic partners to work together to drive system-wide changes.

## Internal

#### 4 Drive organisational excellence

##### Strengthen our people and culture

We have capable and engaged people leading health and safety.

##### Enhance our technology, data and infrastructure

We are a learning organisation where our people are enabled with the right tools, data and information to do their jobs effectively.

##### Future-proof our organisation

We'll deliver the best benefit to New Zealanders through sustainable funding used in a targeted and effective way.

## Our role

Our people are working to transform health and safety performance towards world-class

Everyone who goes to work comes home healthy and safe
