

Exemption from provisions of Health and Safety at Work (Hazardous Substances) Regulations 2017

In accordance with section 220 of the Health and Safety at Work Act 2015 (the Act), I, Simon Humphries, Deputy GM Investigations and Specialist Services (Acting) of WorkSafe New Zealand, exempt **Chubb New Zealand** from compliance with regulations 15.13, 15.16 and 15.17 of the Health and Safety at Work (Hazardous Substances) Regulations 2017.

I do so –

- being satisfied that:
 - the extent of the exemption is not broader than is reasonably necessary to address the matters that gave rise to it; and
 - the exemption is not inconsistent with the purpose of the Act; and
- subject to the following conditions:
 - This exemption is limited to the cylinder with the serial number AA366864. It is not a type approval for other cylinders of similar or identical design.
 - Chubb New Zealand Cylinder Testing Station must ensure that the letters LAB7712SP and the station mark are stamped on this cylinder in accordance with regulation 15.60.

This exemption takes effect on **15 August 2018** and expires on **15 August 2023** unless it is sooner replaced or revoked.

Signed at Wellington this 15 day of August 2018

Simon Humphries

Deputy GM Investigations and Specialist Services

WorkSafe New Zealand
