

# Notice of Approval

In accordance with section 220 of the Health and Safety at Work Act 2015 (the Act), Chubb New Zealand is exempted from compliance with regulations 15.13, 15.16 and 15.17 of the Health and Safety at Work (Hazardous Substances) Regulations 2017 for the requirements to have a design-verification compliance certificate, cylinder pre-commissioning compliance certificate and a cylinder import compliance certificate in respect to the Manchester Tank and Equipment cylinder with the serial number AA1014372 subject to the following conditions.

Chubb New Zealand must —

1. ensure this exemption is limited to the single Manchester Tank and Equipment fire extinguisher cylinder with serial number AA1014372; and
2. ensure the gas traffic for the single Manchester fire extinguisher cylinder with serial number AA1014372 is limited to Nitrogen; and
3. in accordance with regulation 15.60, stamp the cylinder with:
  - a. the serial number AA1014372 and the approval number LAB7741SP
  - b. the station mark of the approved test station that marked the fire extinguisher cylinder with approval number LAB7741SP
  - c. the date the approval number LAB7741SP was marked on the cylinder
4. not stamp the approval number LAB7741SP on any other cylinder.

This exemption takes effect on **2nd November 2022** and expires on **2nd November 2027** unless it is sooner replaced or revoked.

Signed at Wellington **26th October 2022**.
