

Application for exemption from hazardous substances regulations

What exemption are you seeking?

What regulation(s) are you seeking an exemption from: (state the specific regulation(s) from which an exemption is sought)

Assessment of the options for compliance

Detail all other options that have been considered for compliance with the specified regulations and explain why the other options have been discounted: (use more pages if necessary)

Assessment against S220 of HSWA

Why is it not reasonably practicable to comply with the regulation(s) specified above:

Application for exemption from hazardous substances regulations

Assessment of risk

What are the risks arising from being exempted and how will you mitigate the risks: (check the exemption is not inconsistent with ensuring the health and safety of workers and others – do not detail regulatory requirements)

Provide details on nature of adjacent on-site facilities including offices:

If this application applies to above-ground stationary tank(s), provide details of the design and construction of the tanks(s), including providing the fire-resistance rating and details of any fire protection measures, if applicable: (eg spray cages)

Photograph of the tank plate

List supporting attachments: (may include site plans, drawings, safety compliance certificates, other certificates, reports, inventory, photos etc)

Application for exemption from hazardous substances regulations

4. Compliance certifier details

Compliance certifier name:

Approval number:
